D. R. ROOD, of Belpre.
For Sheriff,
JOHN S. MCALLISTER, Fourth Ward.
For Auditor,
W. A. PATTERSON, of Waterford.
For Recorder,
JOHN W. ATHEY, Marietta Township.
For Commissioner,
JOHN RANDOLPH, Wesley Township.
For Infirmary Director,
WM. SCHNAUFFER, Newport Township.

HENRY M. STANLEY, the African explorer and member of Parliament, is seriously ill. Stanley's death would be a loss to the world.
GOVERNOR BUSHNELL left Thursday for Saybrook, Conn., to celebrate the 265th anniversary of a church which was established by his ancestors.
OUR sister county of Athens is already beginning to reap a big reward from her peach orchards. The fruit is very good, and offered at unusually low prices.

PITTSBURG cyclists are subjected to the ridiculous burden of a license. The city treasury must be in very bad shape if the town has to resort to such means to bring money in.
JUDGE SIBLEY has served thirteen years on the Common Pleas Bench, instead of eighteen, as was stated in the Leader of yesterday. Years, however, be they many or few, can add nothing to the quality of the work accomplished by the Judge.

LYMAN TRUMBULL, the man who helped found the Republican party, and who for a period of sixty years was a character and great factor in National affairs, died Thursday morning at his home in Chicago, in his eighty-fourth year.

W. R. RICHARDSON, candidate for Prosecuting Attorney on the Democratic ticket of Scioto county, has formally withdrawn from the ticket, and says he cannot stay on with consistency for the reason that he intends to vote for McKinley and protection. There will be more of him before the election.

THE recent parade of the Street-Cleaning Department of New York City, under command of Colonel George E. Waring, has been made the occasion of an illustrated article on Cleaning the Streets of New York, in the Illustrated Monthly issue of The Outlook this month. It is by Mr. William W. Ellsworth, and is of great interest and significance.

A WEALTHY Hebrew and a Quakeress of prominence were married a few days since in Philadelphia, in the park. The words of the ceremony were sung by thirty bridesmaids dressed in white, and the legal ceremony was conducted by a justice of the peace. This ceremony was a fit one to match the erratic old gentleman down in Scioto county who had his funeral sermon preached before he died. Verily the peculiar people have not all died.

The Free Silver Coinage Hold-Up.
This bandit may not intend to shoot, but he certainly has dangerous weapons and while they are pointed at our capitalists our industries will make but slow and uncertain progress. But little new capital will be invested in industries until it is practically certain that such investments are safe and that they will not suddenly lose half their value by being measured in 50-cent dollars. Remove all doubts as to the standard of value for the next ten years and our own capital will come out of its hiding-places; foreign capital will rush to this country; old factories and mills will become active; new enterprises will become undertaken; thousands, now idle, will find employment; farmers will find markets for their products; merchants will have use for their old, and perhaps need new, clerks; in short, "times will be good." Never was there more capital in Europe ready for investment at very low rates of interest. Harvests are promising and all conditions are favorable for prosperity except one—the sixteen to one threat aimed at capitalists.

Not Certain That Fire Will Burn.
In 1890 silver inflation was authorized. As a result, in 1893 there was a financial collapse. The country has not yet been able to right itself, but the crazy advocates of cheap money insist upon a renewal of their wild experiment.

IN THE OIL FIELDS.

Ellenboro, W. Va., June 24.—The much sought after extension of the Cairo oil field seems to have been finally located, and there is much activity among the operators in that locality, and a number of new wells will be drilled at once.

On Whisky Run the failure of the Union Oil Company's well on the W. A. McCosh farm to be a producer has given the district a rather black eye at present. The well would probably make two or three barrels from the Big Injun sand and is a tremendous gasser. Oil men are now in a quandary as to the direction of the pool of oil, as the Strickler Oil Company's No. 1, which is a producer, lies between the McCosh and Barnsdall & Mallory gassers and it is unusual to find gas on both sides of a producing well.

On the Strickler No. 2 they are still trying to drill past the string of lost tools. Yesterday they pulled the eight inch casing and succeeded in recovering the lost fishing tools, but the drilling string is still in the hole.

The Rock Oil Company's well on the McKinney farm on Black's Run is nearing completion and is expected in early next week.

The richest strike of the week was made by the Carter Oil Company yesterday on the Jerry Livingston farm, near Hebron. The well has only been drilled a couple of screws in the Big Injun sand, and is now throwing oil twenty feet over the top of the derrick, notwithstanding it has tank connection. A conservative estimate of the production when drilled through the sand puts the well at 25 barrels per hour.

The drilling stem used on the Shingleton No. 6 was bent Monday, and has been sent away for repairs and the well is shut down. In the No. 7, on the same farm, the contractors have a fishing job.

A well is drilling on the Pyle farm, adjoining the Shingleton land, and will be in the week.

A well was located yesterday on the William Parker's heirs land southeast of the producers in the Hebron field, and will be put down at once.

Davis & Scott have concluded not to sink the Highland well to the Berea grit, and will suspend operations on their block of leases and await the result of the Rock Oil Company's venture on the McKinney farm, which will be a fair test for much of their holdings.

An effort is being made by Corning, O., people to take up a block of land near the mouth of Hitchcock's Run, about a mile and a half east of this place, and if successful a test well is promised within ninety days.

The parties who have the large holdings of territory along Lower Bond's creek and about Cornwallis seem to have changed their minds about not drilling, as it is now reported that they have let the contracts for two sets of rig timbers and will commence operations shortly. The Henry Oil Company is said to hold the leases.

Mr. George H. Nesbitt has about secured the block of territory he desired between this place and Harrisville, and if satisfactory arrangements can be made will drill another well.

Clarinton, Ohio, June 24.—The Cameron Oil and Gas Company got a hundred barrel well at Cameron, Ohio, today.

The Moundsville Echo says: A dry hole occasionally out on the Little creek don't seem to check operations in the field. All the loose territory has been gathered up for some distance around the producers. Some of the land owners are being caught on a pin hook for their royalty.

Griffith sold to Stewart, of Sistersville, yesterday the one-half of the royalty of the farm, which is a clear sixteenth of all production, for the modest sum of \$2,000. On this farm is located the North Penn No. 3 well, which is making 135 barrels natural production with a regular daily increase. A number of other locations are made on the same farm. All territory adjoining the Griffith is prized highly. The Sullivan & Ramsey lease which adjoins the Griffith is now considered gilt edged.

The most serious drawback to operations in the field now, is getting the oil run. The tankage at the wells is all full and no certainty about when the oil will be run. The operators say that they will be compelled to do something to protect their interests and to this end an independent line is talked of. The meeting of the Legislature is not far off and some legislation toward more liberal transportation laws may be asked for.

ROY NO. 4.
The latest news from the Waverly field is that the well known as Roy No. 4, came in yesterday, good for 50 barrels. The well is keeping up splendidly with its flow, and the oil is the best quality.—Sentinel.

Your Boy Won't Live a Month.
So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottles Free at W. H. Styer's Drug Store.

TEN TO FOUR.

The Score of Friday's Game With the Buckshoes.

A fair crowd of Marietta lovers of the National game witnessed an exhibition of very poor ball playing at the Athletic grounds Friday afternoon. The bad playing was almost entirely on the Marietta side and lost the game for the home team by a score of 10 to 4. The fielding of shortstop Ransom and third baseman Carr was especially noticeable for its low standard.

The Zanesville boys put up a good, snappy game and their pitcher held the Mariettas down to six hits, while the visitors pounded out 9 singles and two doubles.

It is evident that the personnel of the home team will have to be changed in several particulars before it can hope to do any good.

Following is the score by innings:
Marietta.....0 0 0 1 0 1 1 0—4
Buckshoes.....0 2 6 0 2 0 0—19
Summary—Batteries, Marietta, Reynolds and Donahue; Buckshoes, McCarthy and Metzgar. Earned runs, Buckshoes 2, Marietta 1. Base hits, Marietta 6, Buckshoes 11. Two-base hits, Bramhall 2. Passed balls, Donahue 3, Metzgar 4. Bases on balls, Reynolds 3, McCarthy 3. Struck out, by McCarthy 5, Reynolds 6. Errors, Marietta 8, Zanesville 4.

NOTES.
Ransom and Carr will be released today, as their playing has not been satisfactory. Both understand the game well but seem unable to get down to work in good shape.

Donahue, the new catcher, appears to be all right. He is quick on his feet, and though left handed, a swift and certain thrower to bases.

The sand and gravel will be swept off the diamond today and the game ought to be better than yesterday.

The pitching of Reynolds is giving good satisfaction and is very creditable, considering the support he has been receiving in the field.

A new man will be on third base today. This position has been so poorly played in the Sistersville and Zanesville games that it has come almost to be considered sure that a hit up to third is good for a base on any occasion. The new man is Fred Shiers, of Springfield, an excellent player.

Frank Griffin, the shortstop of the Buckshoes, whom the Marietta management have been after for some time, was signed last night and will make his first appearance in a Marietta uniform against Chillicothe next Monday.

Cambridge Wins.

Cambridge, O., June 25.—The second ball game of the season here was played today between the Lobdells, of Marietta, and the Cambridge club. Two games were to have been played here between these clubs, but owing to the rain yesterday the first game was declared off. Several beautiful plays were made on both sides. The score by innings was as follows:

	1	2	3	4	5	6	7	8	9
Cambridge.....	1	2	0	0	2	0	1	0	—9
Lobdells.....	0	0	0	0	0	4	0	0	—4

Batteries—Cambridge, Gaston and Price; Lobdells, H. Theis and Hill. Umpire—Morgan.

Eczema of the scalp or Seald Head, even in its most severe form is never-failingly cured by Doan's Ointment, the surest specific for all itchiness of the skin.

A Big Deal.

PITTSBURG, Pa., June 25.—One of the largest deals in oil recently consummated, has just been closed between C. D. Greenlee and the United States Oil Co., of Boston. Mr. Greenlee has sold his individual interests in the Cecil pool, in Washington county, and the Ogden pool in Wood county, W. Va., to a big Boston syndicate for \$100,000. The transaction involves leases on 4,000 acres of territory, with twelve wells, and a production of 300 barrels a day. Mr. Greenlee organized the United States Company less than a year ago, and is the largest individual stockholder. He was made general manager and will continue in that capacity. Under his management the company has been very successful, and the Bostonians are well pleased with their investment.

Buckley's Arnica Salve.
THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by W. H. Styer.

Band's Bimetallic Bike.
Uncle Sam—No, Dick, my wheel may have its weak points and may not be up to date in all its details, but I would not think of trading it for an out of date thing like that. Mine is similar to those

used in all advanced countries, while yours is in use only in Mexico, China, Peru and other half-civilized countries. You'd better put that silver wheel in front and get a modern gold one for the rear.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by W. H. Styer, Druggist.

"I was troubled with quinsy for five years. Thomas' Electric Oil cured me. My wife and child had diphtheria. Thomas' Electric Oil cured them. I would not be without it for the life of any consideration." Rev. E. F. Crane, Dunkirk, N. Y.

"I am an old soldier of the Rebellion. A year ago I was in bed all winter with chronic rheumatism. Three doctors failed to give me relief. Two bottles of Burdock Blood Bitters put me on my feet. It is worth its weight in gold." W. B. Knapp, Litchfield, Hillsdale Co., Mich.

"MOTHERS' FRIEND"
Shortens labor, lessens pain, diminishes danger to life of both mother and child and leaves her in condition more favorable to speedy recovery. "Stronger after than before confinement" says a prominent midwife. Is the best remedy.

FOR RISING BREAST
Known and worth the price for that alone. Endorsed and recommended by midwives and all ladies who have used it. Beware of substitutes and imitations.

Makes Child-Birth Easy.
Sent by Express or mail on receipt of price, \$1.00 per bottle. Book "TO MOTHERS" mailed free, containing voluntary testimonials.

A SUCCESS

Is our great Slaughter Sale. Well satisfied customers are they who are buying of us now and no mistake. We MUST have more room, MUST HAVE, for we have bought the largest stock for Fall and Winter ever known in our business experience, so the Odd Suits, Pants, etc., that we now have on hand MUST GO. This is no fire sale nor fake 'closing-out' sale, it's simply making way down prices on goods we MUST dispose of. Just received 168 suits closed out from a manufacturer for CASH that we can afford to sell at about half the regular price. Come and see if we do as we advertise. We always have the goods and prices to back up our advertisements. Never advertise a special bargain, then when you come for it say, "We are just out." Now DON'T WAIT if you need anything at all in our line, come NOW while we can fit you. No trouble at all to show goods and your money back if they don't suit. Don't DON'T buy till you see us!
